05-03-24

I first met Colonel (R) Monique DeSpain when she and her team reached out in an attempt to understand local concerns as related to law enforcement and first responders.

In the subsequent months, she has personally travelled to our District several times to foster not only a better understanding of local concerns, but how a federal Congress position could benefit the communities in our area. Monique and her team have met with all local Law Enforcement leaders, as well as members of local government and have spoken with numerous private citizens and groups.

After discussing numerous facets of the constitution, I found Monique's values to be in line with protecting the rights inherent to all citizens. She has plans to enhance not only quality of life, but has the ability to identify and address the root cause of many of today's issues. Both her emphasis on constitutional rights and ability to see beyond the symptom of societal issues are characteristics I would consider crucial to the position for which she is a candidate.

A handwritten signature in black ink that reads "GABRIZIO".
